

# Physical Therapy

Our state-of-the-art rehabilitation clinic is staffed by faculty and clinical staff from the University of Oklahoma College of Allied Health Program in Physical Therapy.

- We offer evidence-based physical therapy services for people of all ages and activity levels.
- Faculty practitioners blend the latest scientific evidence with the art of personalized rehabilitation.

Our physical therapists are general practitioners with advanced skills in:

- Manual therapy
- Exercise prescriptions
- Functional movement screening and assessment
- Pediatric sports physical therapy
- Pelvic floor dysfunction
- Running analysis and rehabilitation

To schedule an appointment, please call  
918-619-4652

OU Physical Therapy professionals are accepting new patients and contract with most insurance plans.
